Historical Document 2014- Remodel Permit		4

☑ **(If checked) See the attached page 2 which includes additional identified documents**

These disclosures, inspection reports, and/or other investigatory reports ("Historic Documents") relating to the Property should not be considered current and do not necessarily reflect the present condition of the Property. The Historic Documents are not representations being made to you by the Sellers, the real estate brokers, or agents. The information contained in the Historic Documents has not and will not be verified by Broker or its agents.

The attached documents may or may not constitute all historic documents that relate to this property. Neither Seller nor Broker represents whether repairs were made and whether or not any repairs were adequate. You are urged to obtain your own inspections of all aspects of the Property using qualified professionals and to consult with said professionals concerning the Historic Documents being delivered to you. It is up to you to determine if the documentation has any relevance to the current value, condition, or desirability of the Property and your decision to purchase it.

The undersigned hereby acknowledge receiving this Advisory and all of the listed documents. You further acknowledge and agree that it is your responsibility to read and understand the attached material:
